

If I am still and you are not
is it my _____ to join you in your movement?
is it your _____ to join me in my stillness?
Is there a point between us we could meet
and is that point the midpoint of a line:

or the center of a circle:

← where are a and b?
I don't know.

If I am here and you are there
do I stay
do I stay
do I stay
or do I go?
and- are you staying? or did you already go?

And what about noise? Do you make sounds as I am quiet?
do the sounds you make make sense?
do they fall to my ears like gentle rain
or glorious thunder?

Is everything exactly as it seems?

Space is, it is very simple.

I am still.
I am here.
I am quiet.

I stay on a line in a circle

patient

wet

absurd.
